When A Song Was Still A Song

Davin James

1 2m
I can remember countin the stars
4 5
Ridin down the road in the back of the car
1 2m
Making a pallet on the back dash
4 5
Listening to music smash after smash

1=D
2m=E minor
4=G
5=A
6m= B minor

(chorus)
4 5 1
That's when a song was still a song
4 5 1
Back when everybody could sing a long
4 5 6m
Sweet melodies still made you feel fine
2m
And reason and rhyme belonged
4 5 1
Back when a song was still a song

1 2m
I still remember my first ride
4 5
A '73 blazer with the four wheel drive
1 2m
Pioneer speakers and a box on the hood
4 5
And blaring that music never sounded so good

(Chorus)
